Subject Index

Acorns
The effect of weevil and fungal attacks on the germination of *Quercus robur* acorns 247
Balanites
Ecology of a key African multipurpose tree species, *Balanites aegyptiaca* (Balanitaceae): the state-of-knowledge 1
Bark girdling
Effects of bark girdling on carbohydrate supply and resistance of loblolly pine to southern pine beetle (*Dendroctonus frontalis* Zimm.) attack 317
Biomass
Biomass distribution and productivity of *Pinus edulis–Juniperus monosperma* woodlands of north-central Arizona 331
Dry matter production, chlorophyll, protein contents and foliar nutrient concentration in *Peltophorum ferrugineum* and *Albizia lebbeck* under nursery conditions 265
Birds
The relationship between cavity-nesting birds and snags on clearcuts in western Oregon 299
Bud growth
Bud activity of decapitated, nursery-grown plants of *Triplochiton scleroxylon* in Nigeria: effects of light, temperature and humidity 287
Carbon dioxide evolution
Leaf litter decomposition and carbon dioxide evolution of some agroforestry fallow species in southern Nigeria 103
Carbon storage
Carbon storage potential of short rotation tropical tree plantations 31
Chlorophyll
Dry matter production, chlorophyll, protein contents and foliar nutrient concentration in *Peltophorum ferrugineum* and *Albizia lebbeck* under nursery conditions 265
Clearcuts
The relationship between cavity-nesting birds and snags on clearcuts in western Oregon 299
Decapitated plants
Bud activity of decapitated, nursery-grown plants of *Triplochiton scleroxylon* in Nigeria: effects of light, temperature and humidity 287
Decomposition
Leaf litter decomposition and carbon dioxide evolution of some agroforestry fallow species in southern Nigeria 103
Litter production and decomposition dynamics in moist deciduous forests of the Western Ghats in Peninsular India 181
Denitrification
Soil denitrification rates in a subalpine watershed of the eastern Sierra Nevada 217
Diameter class
Comparison of three sampling schemes for estimating frequency and D^2H by diameter class—a simulation study 117

Douglas fir
Sheep grazing effects on coastal Douglas fir forest growth: a ten-year perspective 75
Ecology
Ecology of a key African multipurpose tree species, *Balanites aegyptiaca* (Balanitaceae): the state-of-knowledge 1
Economic benefits
Some organizing principles in the valuation of tropical forests 171
Eucalyptus
Correlations of growth and form characteristics of *Eucalyptus camaldulensis* Dehnh. provenances in northern Nigeria 275
Evapotranspiration and growth of two contrasting species of eucalypts under non-limiting and limiting water availability 203
Evapotranspiration
Evapotranspiration and growth of two contrasting species of eucalypts under non-limiting and limiting water availability 203
Flowering
Promotion of flowering in Engelmann-white spruce seed orchards by $GA_{4/7}$ stem injection: effects of site, clonal fecundity, girdling and NAA, and treatment carry-over effects 43
Form characteristics
Correlations of growth and form characteristics of *Eucalyptus camaldulensis* Dehnh. provenances in northern Nigeria 275
Genetic strategies
Genetic strategies for reforestation in the face of global climate change 153
Germination
The effect of weevil and fungal attacks on the germination of *Quercus robur* acorns 247
Global warming
Genetic strategies for reforestation in the face of global climate change 153
Grazing
Sheep grazing effects on coastal Douglas fir forest growth: a ten-year perspective 75
Growth
Correlations of growth and form characteristics of *Eucalyptus camaldulensis* Dehnh. provenances in northern Nigeria 275
Dry matter production, chlorophyll, protein contents and foliar nutrient concentration in *Peltophorum ferrugineum* and *Albizia lebbeck* under nursery conditions 265
Evapotranspiration and growth of two contrasting species of eucalypts under non-limiting and limiting water availability 203
Hardwood stands
Changes in microclimate after stand conversion in two northern hardwood stands 253
Height growth loss
Height growth loss in Scots pine infested by the pine resin gall moth, *Retinia resinella* (Lepidoptera:Tortricidae) 145
Juniperus
Biomass distribution and productivity of *Pinus edulis–Juniperus monosperma* woodlands of north-central Arizona 331
Leaf litter
Leaf litter decomposition and carbon dioxide evolution of some agroforestry fallow species in southern Nigeria 103
Litter production and decomposition dynamics in moist deciduous forests of the Western Ghats in Peninsular India 181

Logging
Comparative effects of aerial and ground logging on soil properties in a tupelo-cypress wetland 57
Microclimatic changes
Changes in microclimate after stand conversion in two northern hardwood stands 253
Natural forests
Differences in Monterey pine pest populations in urban and natural forests 133
Nesting sites
The relationship between cavity-nesting birds and snags on clearcuts in western Oregon 299
Nutrients
Dry matter production, chlorophyll, protein contents and foliar nutrient concentration in *Peltophorum ferrugineum* and *Albizia lebbeck* under nursery conditions 265
Pests
Differences in Monterey pine pest populations in urban and natural forests 133
Effects of bark girdling on carbohydrate supply and resistance of loblolly pine to southern pine beetle (*Dendroctonus frontalis* Zimm.) attack 317
Height growth loss in Scots pine infested by the pine resin gall moth, *Retinia resinella* (Lepidoptera:Tortricidae) 145
The effect of weevil and fungal attacks on the germination of *Quercus robur* acorns 247
Picea
An economic comparison of black spruce and jack pine tree improvement 85
Promotion of flowering in Engelmann-white spruce seed orchards by $GA_{4/7}$ stem injection: effects of site, clonal fecundity, girdling and NAA, and treatment carry-over effects 43
Pinus
An economic comparison of black spruce and jack pine tree improvement 85
Biomass distribution and productivity of *Pinus edulis–Juniperus monosperma* woodlands of north-central Arizona 331
Changes in microclimate after stand conversion in two northern hardwood stands 253
Differences in Monterey pine pest populations in urban and natural forests 133
Effects of bark girdling on carbohydrate supply and resistance of loblolly pine to southern pine beetle (*Dendroctonus frontalis* Zimm.) attack 317
Height growth loss in Scots pine infested by the pine resin gall moth, *Retinia resinella* (Lepidoptera:Tortricidae) 145
Water use in thinned loblolly pine plantations 233
Plantations
Carbon storage potential of short rotation tropical tree plantations 31
Quercus
The effect of weevil and fungal attacks on the germination of *Quercus robur* acorns 247
Reforestation
Genetic strategies for reforestation in the face of global climate change 153
Rotation
Carbon storage potential of short rotation tropical tree plantations 31
Sampling schemes
Comparison of three sampling schemes for estimating frequency and D^2H by diameter class—a simulation study 117
Seed orchards
An economic comparison of black spruce and jack pine tree improvement 85
Promotion of flowering in Engelmann-white spruce seed orchards by $GA_{4/7}$ stem injection: effects of site, clonal fecundity, girdling and NAA, and treatment carry-over effects 43

Sheep
Sheep grazing effects on coastal Douglas fir forest growth: a ten-year perspective 75
Snags
The relationship between cavity-nesting birds and snags on clearcuts in western Oregon 299
Soil
Comparative effects of aerial and ground logging on soil properties in a tupelo-cypress wetland 57
Soil denitrification rates in a subalpine watershed of the eastern Sierra Nevada 217
Stand conversion
Changes in microclimate after stand conversion in two northern hardwood stands 253
Stem injection
Promotion of flowering in Engelmann-white spruce seed orchards by $GA_{4/7}$ stem injection: effects of site, clonal fecundity, girdling and NAA, and treatment carry-over effects 43
Subalpine plant communities
Soil denitrification rates in a subalpine watershed of the eastern Sierra Nevada 217
Thinning
Water use in thinned loblolly pine plantations 233
Triplochiton
Bud activity of decapitated, nursery-grown plants of *Triplochiton scleroxylon* in Nigeria: effects of light, temperature and humidity 287
Tropical forests
Litter production and decomposition dynamics in moist deciduous forests of the Western Ghats in Peninsular India 181
Some organizing principles in the valuation of tropical forests 171
Urban forests
Differences in Monterey pine pest populations in urban and natural forests 133
Water
Evapotranspiration and growth of two contrasting species of eucalypts under non-limiting and limiting water availability 203
Water use in thinned loblolly pine plantations 233
Wetlands
Comparative effects of aerial and ground logging on soil properties in a tupelo-cypress wetland 57
